OUR FOUNDER

“I was incredibly excited by the creativity, design and quality of all our Australian suppliers this year. The Aesop gift kits are designed in collaboration with Dutch fashion couturier Iris Van Herpen. I can’t wait to share all of these beautiful and exquisite selections with you in store.”

Our wrapping...

Our gift-wrapping this year is metallic bronze paper with a reusable black and white ribbon. The icing on the cake is the olive branch you receive, which is cut from my father’s olive trees, a symbol of peace and prosperity... our wish to you.
